Offers elective credit for courses taken at other academic institutions. May be repeated without limit.

SLP 6980. Sustainability Transformation Capstone. (4 Hours)

Offers students an opportunity to engage in client-based projects focusing on real-world sustainability challenges. Emphasizes building skills to address sustainability challenges, develop viable solutions using evidence-based methodologies, and combine economic analysis with sustainable practice strategies. Studies how to apply sustainability theory to solve complex organizational and policy problems, as well as exploring sustainability leadership, strategic planning, and stakeholder engagement.

Prerequisite(s): (NPM 6230 with a minimum grade of C- ; PBR 6725 with a minimum grade of C- ; PJM 6250 with a minimum grade of C-); (GST 6102 with a minimum grade of C- or LDR 6426 with a minimum grade of C- or LDR 6436 with a minimum grade of C- or PJM 6200 with a minimum grade of C-)
