

# Graduate Certificates

Northeastern University's D'Amore-McKim School of Business offers graduate certificates (<https://damore-mckim.northeastern.edu/graduate-certificates/>) to help professionals quickly develop knowledge through short-term programs focused on a specific business area. Students may choose to fill in gaps in their business knowledge or strengthen their skills in market-aligned areas to expand their career potential.

Our business faculty, many of whom are also consultants, respected management leaders, and startup founders, share their insights. Additionally, students will have classmates from a multitude of industries who share their passions and interests, enriching the learning experience.
