Nurse Anesthesia, DNP (Boston)

The Doctor of Nursing Practice in Nurse Anesthesia is a practice-oriented degree designed to prepare nurse anesthetists at the highest level of clinical scholarly practice. Keeping pace with the demands of today's changing healthcare environment requires clinical experts who have the knowledge and skills to be effective change agents. The program prepares graduates to question practice, search for and critically appraise the best evidence to guide practice, and implement and evaluate the application of best evidence in practice.

A successful graduate from the program will gain the requisite skill set and leadership expertise to be a critical member of the healthcare team and provide anesthetics to patients throughout the life cycle in diverse settings such as small local hospitals, regional centers, and rural or urban settings for all types of surgery or procedures.

Transfer Policy

Northeastern University regulations for transfer credit are published in this catalog (https://catalog.northeastern.edu/graduate/academic-policies-procedures/regulations-degree-programs/). The transfer policy specific to this doctoral program is defined as a maximum of 9 semester hours or 12 quarter hours of credit earned at another institution may be accepted toward the degree being pursued at Northeastern, provided the credits:

- 1. Consist of work taken at the graduate level for graduate credit
- 2. Carry grades of 3.000 or better
- 3. Have been earned at an accredited institution
- 4. Have not been used toward any baccalaureate or advanced degree or certificate at another institution
- 5. Transfer credits must be approved by the program administrator and course faculty

Please visit Bouvé College Learning Outcomes (https://bouve.northeastern.edu/learning-outcomes/) for the specific student learning outcomes for this program.

Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

A grade of B or higher is required in all coursework.
