

Policies, Regulations, and Responsibilities

Northeastern University expects all students to be familiar with and to adhere to all applicable university policies, regulations, and responsibilities. Some of those policies, regulations, and responsibilities are described below and throughout this publication (including in the Code of Student Conduct (<https://catalog.northeastern.edu/handbook/code-student-conduct/>)), but the list is not exhaustive. Current versions of university policies are available at University Policies (<https://policies.northeastern.edu/>) and additional resources are available on each campus's website. Please review the policies, regulations, and responsibilities that follow, as well as all other regulations or limitations included throughout this publication.

Your success at Northeastern depends, in part, on understanding your rights and fulfilling your responsibilities.
