

Healthcare Administration, BS (Boston)

The Bachelor of Science in Healthcare Administration seeks to foster an understanding of management-related concepts in the health industry. The degree offers students an opportunity to learn from experienced professionals how to effectively use communication, critical thinking, and problem-solving skills and techniques to establish competency in the principles relating to the operational, financial, and regulatory management of a health setting.

Students pursue coursework in healthcare operations and systems, healthcare law and policy, and the financial and regulatory aspects of healthcare management.

Successful graduates of the program are prepared to pursue a wide range of careers in the management of healthcare systems in community, hospital, and private-sector healthcare settings.
